KVM DRAWERS

15"/17" VGA USB + PS/2 KVM Drawer

The RACKMUX® USB + PS/2 KVM Drawer combines a rackmount VGA LCD monitor, keyboard, and touchpad mouse in a space-saving 1RU industrial strength drawer. It is available with a high resolution 1920x1200 17" LCD, 1280x1024 17" LCD, or 1024x768 15" LCD. All drawers are equipped with On Screen Display (OSD). The high resolution 17" drawer features a numeric keypad, which is optional for the standard 15" and 17" drawers.

17" DVI USB + PS/2 KVM Drawer

The RACKMUX® USB + PS/2 KVM Drawer combines a rackmount DVI LCD monitor, keyboard, and touchpad mouse in a space-saving 1RU industrial strength drawer. It is available with a high resolution 1920x1200 17" LCD or 1280x1024 17" LCD. All drawers are equipped with On Screen Display (OSD). The high resolution 17" drawer features a numeric keypad, which is optional for the standard 17" drawer.

17" VGA USB + PS/2 KVM Drawer with Real Mouse

The RACKMUX® USB + PS/2 KVM Drawer combines a rackmount VGA LCD monitor, keyboard, and touchpad mouse in a space-saving 1RU industrial strength drawer. It supports 1280x1024 video resolution and is equipped with On Screen Display (OSD).

17" VGA SUN USB KVM Drawer

The RACKMUX® SUN USB KVM Drawer combines a rackmount VGA LCD monitor, SUN USB keyboard and trackball or touchpad mouse in a space-saving 1RU industrial strength drawer. It supports SUN-compatible 1152x900 video resolution and is equipped with On Screen Display (OSD). Available options: large wrist rest, numeric keypad, sunlight readable monitor, or numeric keypad + sunlight readable monitor.

17" DVI SUN USB KVM Drawer

The RACKMUX® SUN USB KVM Drawer combines a rackmount DVI LCD monitor, SUN USB keyboard, and trackball or touchpad mouse in a space-saving 1RU industrial strength drawer. It supports SUN-compatible 1152x900 video resolution and is equipped with On Screen Display (OSD). Available options: large wrist rest or numeric keypad.

SUN USB Keyboard Mouse Drawer

The RACKMUX® rackmount keyboard drawer combines a SUN USB keyboard and trackball mouse in a space-saving 1RU industrial strength drawer. Comes with a front panel security lock.

Low Cost Keyboard Mouse Drawer – PS/2 or USB

The RACKMUX® Low Cost Rackmount Keyboard Mouse Drawer combines a PS/2 or USB keyboard and touchpad mouse in a space-saving 1RU industrial strength drawer. Available in PS/2 and USB models.

17" Dual Slide Rackmount PS/2 KVM Drawer

The RACKMUX® Dual Slide PS/2 KVM Drawer combines a rackmount LCD monitor, PS/2 keyboard, and touchpad mouse in a space-saving 1RU industrial strength drawer. The unique "dual rail" design allows the keyboard and LCD to move independently of each other, enabling monitoring of connected systems through the closed glass door of a server rack. The unit supports 1280x1024 resolution and is equipped with On Screen Display (OSD).

TERMINAL DRAWERS

15" Terminal Drawer

The RACKMUX® Terminal Drawer is the ideal solution for communicating with serial devices, such as routers, servers, bridges, firewalls, and hubs. This flexible terminal is easy to install and configure for either RS232 or Telnet communication mode. It supports 800x600 video resolution and RSC capabilities. Available options: large padded wrist-rest, numeric keypad, anti-glare protective glass, or numeric keypad + anti-glare protective glass.

15" Terminal Drawer with Console Switch

The RACKMUX® Terminal Drawer with Console Switch combines a 15" LCD monitor, keyboard and an 8- or 16-port console switch into a space-saving 1RU industrial strength drawer. Manage up to 16 serial devices, including servers, switches, routers, and telecom gear through a single interface. This flexible terminal is easy to install and configure for either RS232 or Telnet communication mode. It supports 800x600 video resolution and RSC capabilities. Available options: 8- or 16-port switch with large padded wrist-rest, numeric keypad, anti-glare protective glass, or numeric keypad + anti-glare protective glass.

15" Terminal Drawer with SSH Secure Console Switch

The RACKMUX® Terminal Drawer with Secure SSH Console Switch combines a Terminal Drawer and an integrated SSH Console Switch delivering secure management of up to 32 serial devices via the Internet, TCP/IP network, or dial-up modem connections in only 1RU of space. This flexible terminal is easy to install and configure for either RS232 or Telnet communication mode. It supports 800x600 video resolution and RSC capabilities. Available options: 4-, 8-, 16-, 24-, or 32-port switch.

KVM DRAWERS WITH INTEGRATED KVM SWITCHES

17" VGA KVM Drawer with High Density USB KVM Switch – CAC Reader Compatible

The RACKMUX® USB KVM Drawer with Built-in High Density USB KVM Switch combines a rackmount LCD monitor, keyboard, touchpad mouse and a 4-, 8- or 16-port high density USB KVM switch in a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Control up to 16 USB computers (PC, SUN, and MAC) with VGA video. Available with optional USB port to connect an external USB device, such as a CAC card reader or flash drive.

17" DVI KVM Drawer with USB KVM Switch

The RACKMUX® KVM Drawer with Built-In High Density USB DVI KVM Switch combines a rackmount LCD monitor, keyboard, touchpad mouse and a USB DVI KVM switch in a space-saving 1RU industrial strength drawer. It is available with a high resolution 1920x1200 17" LCD or 1280x1024 17" LCD. Control up to 16 USB computers (PC, SUN, and MAC) with single-link DVI outputs. Available options: a 4-, 8-, or 16-port switch with high resolution or standard monitors.

17" VGA KVM Drawer with CAT5 KVM Switch

The RACKMUX® KVM Drawer with Built-In KVM Switch via CAT5 combines a rackmount LCD monitor, keyboard, touchpad mouse and NTI's PRIMUX® Zero-U KVM Switch via CAT5 into a space-saving 1RU industrial strength drawer. Supports 1280x1024 video resolution. Control up to 64 servers from 1,000 feet away through one built-in user console. One platform-specific (PS/2, SUN, USB, or serial) host adapter is required for each computer.

KVM DRAWERS WITH INTEGRATED KVM SWITCH (CONTINUED)

17" VGA KVM Drawer with High Density USB KVM Switch and Real Mouse

The RACKMUX® KVM Drawer with Real Mouse and High Density USB VGA KVM Switch combines a LCD monitor, keyboard, real mouse with mouse pocket, and a 4-, 8-, or 16-port High Density USB switch in a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Control up to 16 USB-enabled PC, SUN, and MAC computers with VGA video. Available with 4-, 8-, or 16-port KVM switch.

17" VGA KVM Drawer with SUN PC KVM Switch and Real Mouse

The RACKMUX® KVM Drawer with Real Mouse with Built-In SUN PC KVM Switch combines a LCD monitor, keyboard, real mouse with mouse pocket, and a 4 or 8-port SUN PC switch in a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Control up to eight legacy PC or SUN computers. Available with 4- or 8-port KVM switch.

17" VGA KVM Drawer with KVM Switch via CAT5 and Real Mouse

The RACKMUX® KVM Drawer with Built-In KVM Switch via CAT5 combines a rackmount LCD monitor, keyboard, real mouse in mouse pocket, and NTI's PRIMUX® Zero-U KVM Switch via CAT5 into a space-saving 1RU industrial strength drawer. Supports 1280x1024 video resolution. Control up to 64 servers from 1,000 feet away through one built-in user console. One platform-specific (PS/2, SUN, USB, or serial) host adapter is required for each computer.

KVM DRAWERS WITH KVM MATRIX SWITCH

17" VGA KVM Drawer with High Density USB KVM Matrix Switch and Real Mouse

The RACKMUX® KVM Drawer with Real Mouse and Built-In USB Matrix KVM Switch combines a rackmount LCD monitor, keyboard, real mouse and a USB Matrix KVM switch in a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Two users can control up to 8 USB-enabled computers.

17" VGA KVM Drawer with High Density USB KVM Matrix Switch - CAC Reader Compatible

The RACKMUX® USB KVM Drawer with Built-in High Density VGA USB KVM Matrix Switch combines a rackmount LCD monitor, keyboard, touchpad mouse and a high density VGA USB KVM matrix switch in a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Multiple users can individually command or simultaneously share up to 16 USB computers. Includes an additional USB port for each user to connect an external USB device, such as a CAC card reader or flash drive. Available options: 2x8, 2x16, or 4x8 VGA USB KVM matrix switch.

Product Perspective

SUN USB KVM DRAWERS WITH KVM SWITCH

17" VGA SUN USB KVM Drawer with High Density USB KVM Switch

The RACKMUX® SUN USB KVM Drawer with Integrated High Density VGA USB KVM Switch combines a rackmount 17" LCD monitor, SUN USB keyboard, trackball mouse, and NTI's UNIMUX™ 8-port high density VGA USB KVM Switch into a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Control up to 8 USB computers (USB, SUN, and MAC). Available options: large padded wrist-rest or numeric keypad.

17" DVI SUN USB KVM Drawer with High Density USB KVM Switch

The RACKMUX® DVI SUN USB KVM Drawer with Built-In High Density USB DVI KVM Switch combines a rackmount LCD monitor, SUN USB keyboard, trackball or touchpad mouse, and a USB DVI KVM switch in a space-saving 1RU industrial strength drawer. The unit supports 1280x1024 video resolution. Control up to 16 USB computers (USB, SUN, and MAC) with single-link DVI outputs. Available options: 4-, 8-, or 16-port USB DVI KVM Switch, and trackball or touchpad mouse.

KVM DRAWERS WITH KVM ON IP™

17" VGA or DVI KVM Drawer with KVM on IP™

The RACKMUX® KVM Drawer with KVM on IP™ combines a rackmount LCD monitor, keyboard, touchpad mouse, and a KVM on IP unit in a space-saving 1RU industrial strength drawer. It is available with a high resolution 1920x1200 17" LCD or 1280x1024 17" LCD, and is compatible with USB computers. Securely gain BIOS level access to systems for maintenance, support, or failure recovery over the Internet. Available options: DVI or VGA with high resolution or standard LCD.

17" VGA KVM Drawer with High Density USB KVM Switch and KVM on IP™

The RACKMUX® KVM Drawer with Built-In High Density USB KVM Switch and KVM on IP™ combines a rackmount LCD monitor, keyboard, touchpad mouse, a 4 or 8-port USB switch, and a KVM on IP™ device. The unit supports 1280x1024 video resolution and is compatible with USB computers. Remotely access multiple computers connected to the USB KVM switch using a standard Internet browser. Security gain BIOS level access to systems for maintenance, support, or failure recovery over the Internet. Available options: 4- or 8-port USB KVM switch.
