

## Product Perspective

### USB KVM EXTENDERS

#### HDMI USB KVM Extender with IR Option via One CATx up to 300 Feet

The XTENDEX® HDMI USB KVM Extender provides remote KVM (USB keyboard, USB mouse and HDMI monitor) access to a USB computer up to 300 feet over CAT5/6/7 cable. Each ST-C6USBH-300 consists of a local unit that connects to a computer, and a remote unit that connects to a keyboard, monitor and mouse. Supports HDTV resolutions to 1080p and computer resolutions to 1920x1200 (WUXGA). Only one power supply is necessary to power both the local and remote units. HDCP compliant. Available options: additional USB port to connect a USB touch screen monitor, interactive whiteboard, or CAC card reader; and IR control of HDMI source.

#### HDMI USB KVM Extender over HDBase-T

The XTENDEX® HDMI USB KVM Extender over HDBase-T transmits HD 1080p, multi-channel audio, USB keyboard/mouse, IR, RS232 and optional Ethernet up to 328 feet using HDBase-T technology. Each ST-C6USBH-HDBT consists of a local unit that connects to a computer, and a remote unit that connects to a keyboard, monitor and mouse. Supports HDTV resolutions to 1080p and computer resolutions to 4096x2160. Full infrared (IR) control of HDMI source. Bi-directional RS232 interface. Features an additional USB port on the remote unit for a touch screen monitor, interactive whiteboard, or CAC card reader. HDCP compliant. Available with optional Ethernet port for connecting standard network devices such as 100Base-T routers, hubs, SmartTVs or Smart Blue-ray players.

#### VGA USB KVM Extender via CATx up to 300 Feet

The XTENDEX® USB KVM extender provides local and remote KVM (USB keyboard, USB mouse and VGA monitor) access to a USB computer up to 300 feet via CAT5/5e/6 cable. Each ST-C5USBV-300 consists of a local unit that connects to a computer and provides local keyboard, monitor and mouse connections, and a remote unit that connects to a keyboard, monitor and mouse. Supports resolutions to 1920x1440 (WUXGA). Built-in surge protection. Available options: stereo audio and local unit supporting two remote users.

#### Hi-Res VGA USB KVM Extender via CATx up to 1,000 Feet

The XTENDEX® USB KVM Extender provides local and remote KVM (USB keyboard, USB mouse and VGA monitor) access to a USB computer up to 1,000 feet using CAT5/5e/6 cable. Each ST-C5USBV-1000S consists of a local unit that connects to a computer and provides local keyboard, monitor and mouse connections, and a remote unit that connects to a keyboard, monitor and mouse. Supports resolutions to 2048x1536. Automatically adjusts video quality and color skew for crystal clear video with longer cables. Built-in surge protection. Available options: additional stereo audio and additional USB port for local and remote user. Additional USB port on local unit supports fully transparent USB connections and the additional USB port on the remote unit can be used to connect a USB touch screen monitor, interactive whiteboard or CAC card reader.

#### Transparent USB Extender with VGA Video via CATx up to 200 Feet

The XTENDEX® USB Extender with VGA Video extends four USB devices and a VGA monitor up to 200 feet. Each ST-C5USBVT consists of a local unit that connects to a computer and also supplies video to a local monitor, and a remote unit that connects to four USB devices and a monitor. Supports resolutions to 2048x1536. Available options: dual video, dual video + two-way audio, and dual video + two-way audio + RS232.

## Product Perspective

### USB KVM EXTENDERS (CONTINUED)

#### VGA USB KVM Extender with On Screen Display via CATx up to 1,000 Feet

The XTENDEX® USB KVM extender provides local and remote KVM (USB keyboard, USB mouse and VGA monitor) access to a USB computer up to 1,000 feet using CAT5/5e/6 cable. Each ST-C5USBV consists of a zero-U local unit (connects to a computer, and provides local keyboard, monitor and mouse connections) and a desktop remote unit (connects to a keyboard, monitor and mouse). Simple On Screen Display (OSD) menu allows users to configure the extender, adjust for video skew, and fine-tune video quality. Supports resolutions to 1920x1440.

#### Transparent USB Extender with DVI Video, Audio and RS232 via Fiber up to 6,500 Feet

The XTENDEX® Transparent USB Extender with DVI Video, Audio and RS232 via Fiber extends four USB devices, audio, RS232, and a single link digital DVI display up to 6,500 feet via duplex singlemode fiber optic cable. Each ST-FOUSBDARS-LC consists of a local unit that connects to a computer, and a remote unit that connects to four USB devices and a DVI display. Supports HDTV resolutions to 1080p and computer resolutions to 1920x1200 (WUXGA). Two modes of USB operation: local or remote.

### PS2 KVM EXTENDERS

#### VGA PS/2 KVM Extender via CATx up to 300 Feet

The XTENDEX® PS/2 KVM extender provides local and remote KVM (PS/2 keyboard, PS/2 mouse and VGA monitor) access to a PC up to 300 feet using CAT5/5e/6 cable. Each ST-C5KVM-300 consists of a local unit that connects to a computer and provides local keyboard, monitor and mouse connections, and a remote unit that connects to a keyboard, monitor and mouse. Supports resolutions to 1920x1440. Built-in surge protection. Available options: stereo audio, internal power supply, CATx surge protector and VESA mounting bracket.

#### VGA PS/2 KVM Extender via CATx up to 600 Feet

The XTENDEX® PS/2 KVM extender provides local and remote KVM (PS/2 keyboard, PS/2 mouse and VGA monitor) access to a PC up to 600 feet using CAT5/5e/6 cable. Each ST-C5KVM-600 consists of a local unit that connects to a computer and provides local keyboard, monitor and mouse connections, and a remote unit that connects to a keyboard, monitor and mouse. Supports resolutions to 1920x1440. Built-in surge protection. Available options: stereo audio, RS232, local unit supporting two remote users, CATx surge protector and VESA mounting bracket.

#### Hi-Res VGA PS/2 KVM Extender via CATx up to 1,000 Feet

The XTENDEX® PS/2 KVM extender provides local and remote KVM (PS/2 keyboard, PS/2 mouse and VGA monitor) access to a PC up to 1,000 feet using CAT5/5e/6 cable. The ST-C5KVM-1000S consists of a local unit that connects to a computer and provides local keyboard, monitor and mouse connections, and a remote unit that connects to a keyboard, monitor and mouse. Supports resolutions to 2048x1536. Built-in surge protection. Available options: two-way audio and RS232.

#### PS/2 Keyboard/Mouse Extender via CATx up to 600 Feet

The XTENDEX® PS/2 keyboard/mouse extender provides remote PS/2 keyboard and mouse access to a PC up to 600 feet using CAT5/5e/6 cable. Each ST-C5KM-600 consists of a local unit that connects to a computer and a remote unit that connects to a keyboard and mouse. Built-in surge protection.
