

ENVIROMUX-DI2-1W Digital Input Expander Installation Manual

Contact sensors and liquid detection sensors can be connected to the “Digital In” terminals on the ENVIROMUX-1W. Another way to connect these sensors is through an ENVIROMUX-DI2-1W Digital Input Expander. The Expander provides a way to not only increase the number of these sensors that can be connected, but also to add distance these sensors can be placed away from the ENVIROMUX-1W.

The ENVIROMUX-DI2-1W can be connected to either of the “1W Sensors” ports up to 600 feet away from the ENVIROMUX-1W where up to two contact sensors and/or liquid detection sensors can be attached. Contact and liquid detection sensors can still be extended from the ENVIROMUX-DI2-1W by up to 1000 feet of two-wire cable.

Note: The ENVIROMUX-DI2-1W counts as two sensors to the total of 24 sensors than can be connected to the 1W Sensors ports.

Sensors connected to the ENVIROMUX-DI2-1W will be listed under “External Sensors” on the Summary Page in the web interface but will be configured the same as any other digital inputs. For more information on configuring sensors, see the ENVIROMUX-1W product manual.

Summary

External Sensors				
No.	Description	Type	Value	Action
1	E-1W E01 DI-1	Digital Input	Open	Edit Delete
2	E-1W E01 DI-2	Digital Input	Open	Edit Delete
3	020000006DDFE912.1	Digital Input	Open	Edit Delete
4	020000006DDFE912.2	Digital Input	Open	Edit Delete

This shows two ENVIROMUX-DI2-1W connected, one has sensor connections renamed “E-1W E01 DI-x” and the second has the default expander port names.

Cables

RJ11 6P4C Patch cables must be wired straight-through (pin 1 to pin 1, pin 2 to pin 2, etc).

ENVIROMUX-RJ11-xx RJ11 6P4C patch cables can be ordered from NTI (where xx = 7, 25 or 50 foot). Custom lengths (ENVIROMUX-RJ11-xx-C) are also available.

Warranty Information

The warranty period on this product (parts and labor) is two (2) years from the date of purchase. Please contact Network Technologies Inc at (800) 742-8324 (800-RGB-TECH) or (330) 562-7070 or visit our website at <http://www.networktechinc.com> for information regarding repairs and/or returns. A return authorization number is required for all repairs/returns.
