

Founded in 1984, Network Technologies Inc is a leading global provider of high quality IT infrastructure management solutions. NTI provides easy-to-use KVM and audio/video solutions that improve efficiency, reduce costs, and maximize space. The company designs, manufactures, and tests its own products, and provides friendly technical and sales support in Aurora OH, USA.

NTI products are easy-to-use, hardware-based solutions that are compatible with commonly available software and drivers. Each product is rigorously tested to ensure long-lasting and proper operation. Tests include functionality, burn-in, temperature, impact, and power cycling. All products are backed by a two-year warranty on all parts and labor.
